MOISTURIZER - S15C

CREPE REVERSAL CRÈME

Tackle crepiness from every angle and reclaim supple, firm skin.

Turn back the visible signs of crepey, thinning skin with this multi-action moisturizer. A duo of firming **Peptides** targets sagging and loss of tone, while a **Bioengineered Anti-Aging Complex**, clinically shown to boost firmness by 55% in just 12 weeks, helps reinforce the skin barrier and smooth rough texture. Together, these powerhouse actives support collagen renewal and visibly improve elasticity, resilience, and tone. **Swiss Apple Stem Cell Extract** safeguards youthful vitality, while **Squalane** delivers lightweight hydration to restore softness and suppleness. With consistent use, skin feels firmer, stronger, and beautifully renewed.

APPEARANCE: Rich, light yellow cream

USE: Apply a generous amount to clean, dry skin, focusing on crepey or dry skin, or areas showing signs of loss of firmness, on the face, neck, décolleté, and body. Gently massage in using upward, circular motions until fully absorbed and for at least 5 minutes to boost circulation and improve absorption. Use twice daily for best results, and allow to absorb before applying other skincare products, SPF, or makeup.

BENEFITS:

- Reduces the appearance of crepey, thinning skin
- Supports firmness, elasticity, and smoother texture
- Deeply hydrates and replenishes fragile skin
- Restores suppleness and resilience over time

KEY INGREDIENTS:

Palmitoyl Tripeptide-1 & Palmitoyl Tetrapeptide-7 (Matrixyl 3000®)	Clinically shown to increase lifting by 16%, these signal peptides help stimulate collagen support, visibly firming and smoothing skin
Bioengineered Anti-Aging Complex	Strengthens the skin barrier, boosts firmness, supports collagen renewal, and smooths texture Clinically shown to increase firmness by 55% in 12 weeks
Methylsilanol Carboxymethyl Theophylline Alginate	A skin-firming complex that helps tone and smooth crepey skin for a more resilient appearance
Swiss Apple Stem Cells (Malus Domestica Fruit Cell Culture Extract)	Known to help delay visible signs of aging and maintain skin's youthful resilience
Squalane	A lightweight emollient that restores softness, smoothness, and hydration without heaviness
